

# Stop the shedding - Turn up the volume!

Is your hair in need of a “health boost”? Is it shedding or starting to look dull? Then try nourishing it from within, with Hair Volume™, the world’s leading hair nutrient tablet.

## Beauty from within

Hair is essentially composed of dead cells so using topical solutions to nourish it won’t do much good. **Nourishing your hair starts at the root.** Studies have shown that hair follicles benefit from nutrients found in grains, fruits and other plants. Apples, for example, contain the nutrient procyanidin B2, which is a beneficial hair growth-promoting factor.

## TESTIMONIAL

“I have taken Hair Volume for two years now and the results are just amazing. My hair seems to have stopped shedding as much and now appears to grow faster and thicker. I did not tell my hairdresser about Hair Volume, so when she cut my hair, she asked me ‘Have you done something different? Your hair feels thicker.’ I strongly recommend this great product to everyone!”

## Just one tablet a day

Hair Volume™ is a best-selling supplement from Sweden that contains millet, biotin, and a special apple extract. Just one tablet a day will provide you with more hair nutrients than most competing brands and will help you strongly nourish your hair from within.

## DID YOU KNOW?

The first thing you may notice when taking Hair Volume is that your nails start getting stronger because nails react faster to a new supply of nutrients than hair. After a month or so, your hair will likely stop shedding and start to gain volume.

## TEST YOURSELF

- ☐ Is your hair looking dull and thin?
- ☐ Do you experience hair shedding?
- ☐ Are your nails brittle?
- ☐ Do you want to nourish your hair naturally?
- ☐ Are you looking for more hair volume and shine?

If you answered YES to these questions, Hair Volume is definitely something you should try.

# WORRY-FREE WAGNER OUT ON THE TOWN!

**SPORTING** a posh cravat and a sweater casually slung over his shoulders, Robert Wagner appeared unconcerned as he left a Beverly Hills restaurant — despite being at the center of a renewed investigation into the mysterious death of his wife Natalie Wood.

On March 31, Wagner and current spouse Jill St. John made a rare appearance in California, where he's

a “person of interest” in Natalie’s 1981 drowning.

The National ENQUIRER has been hot on Wagner’s trail, reporting a damning charge by Dennis Davern, the former captain of Wagner’s yacht Splendour.

According to Davern, the “Hart to Hart” hunk claimed Natalie went out to secure a dinghy that was noisily knocking against the boat and she “must have slipped and fell” overboard.

But Davern now insists what Wagner said is “a 100 percent lie!”

Davern declared, “That autopsy report said there wasn’t any water in her lungs, [which] means she was already unconscious before she hit the water!”

Wagner, 89, has denied any wrongdoing or involvement in the 43-year-old “West Side Story” beauty’s death.

But a team of forensic investigators and L.A. detectives are seeking to learn the truth by exhuming Natalie’s body — and enraged Wagner hired a team of pitbull lawyers to crush the effort!

In late 2018, the 54-year-old blabbermouth appeared to be spiraling out of control when she injured her shoulder during an alleged confrontation with Hunter, 47.

"After fracturing her shoulder, Wendy was blasted for slurring her words on-air, which she blamed on pain meds," dished an insider.

Despite that, a lot of viewers questioned her story.

In January, the bug-eyed trainwreck took an extended

leave of absence from "The Wendy Williams Show," originally blaming her non-appearance on her thyroid illness, Graves' disease.

When Wendy — who has a history of abusing alcohol, marijuana and cocaine — returned in March, the chatterbox announced she'd been living "with a bunch of smelly boys" in a sober house and was being shadowed by a 24-hour sober coach!

Just a few days later, Wendy

Sharina's former home in New Jersey is believed to have been paid for by Hunter

hit rock bottom — rushed to a hospital after being found drunk when Hunter reportedly hightailed it to his mistress Sharina Hudson's side while she gave birth.

The next day Wendy headed to her show without a wedding ring.

"It was only when what was happening with Kevin in

her personal life started to jeopardize the show and her career that Wendy started to wake up," dished a source.

"She's been so devoted to him and turned a blind eye to so much, yet every time Kevin repays her with a bigger betrayal!

"Wendy's cried and with everything that's happening, her sobriety has slipped.

"But it was only when she started to lose fans and the respect of her peers that Wendy started to wise up and fight back."

Still, cutting Hunter out of her life won't be easy since he's had a vise-like grip on her ego — and her show.

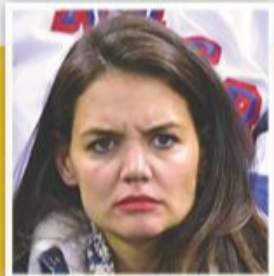

Hunter and his mistress of a decade, massage therapist Sharina, are also aware

Wendy is the family breadwinner. He's been lavishing his lover with gifts bought on his wife's dime.

But as far as Hunter is concerned, he made Wendy a star when she was merely a struggling radio personality, according to sources. And he insists he's been faithful — and never abused his wife.

"Kevin believes he's the brains behind the operation and it is all down to him — Wendy's show, clothing line, live appearances, everything," tattled an insider.

"And Kevin's been there from the very first meeting. In divorce court he'd have a strong case to get a huge chunk of her fortune." **NE**

## KATIE HOLMES SLAPPED IN FACE — AGAIN!

# MAGIC MAN ROY SPARKED VEGAS TIGER ATTACK!

**- NEW CHARGE**

BIG cat trainer Roy Horn triggered his crippling onstage mauling by a massive white tiger, according to one of the animal handlers working the Siegfried & Roy Las Vegas show that night.

Handler Chris Lawrence has claimed Roy's contact with the beasts dwindled dramatically — and he fed them less often — in the years before he was attacked by the 400-pound, seven-foot tiger named Mantacore at The Mirage hotel and casino in October 2003.

"Many of the handlers thought Roy was treating the cats more like props than he was respecting them for who they were," Chris said.

"I am positive Roy's diminishing relationship with Mantacore was a key factor for the attack."

Chris maintained Roy's behavior on stage confused Mantacore and contributed to the predator leaping at Roy, grabbing him by the throat and dragging him backstage.

His injuries left him partially

paralyzed.

Now, the illusionists' rep insists the German-born partners were never cruel to their animals, saying Roy suffered a stroke and Mantacore was attempting to save him. When the tiger died at age 17 in 2014, Roy openly grieved.

However, Brittany Peet — PETA's Director of Captive Animal Law Enforcement — said Siegfried Fischbacher and Roy's handling of the tigers is "abusive."

"Every behind-the-scene training of shows like this that we've seen, the animals are being trained through violence and fear.

"This is completely unnatural, in addition to abusive," she said.

# MEGHAN RIPS UP ROYAL BIRTH PLAN!

**DIVA DUCHESS SNUBS HISTORIC HOSPITAL, DEMANDS NATURAL DELIVERY**

**P**RINCE HARRY'S pregnant Hollywood bride, Meghan, has thumbed her nose at royal tradition — and demanded to give birth at a

hospital of HER choosing! According to insiders, the tradition-trashing Duchess of Sussex has snubbed the posh Lindo Wing at London's St. Mary's Hospital — where Princess Diana welcomed Harry and William, and sister-in-law Kate delivered George, Charlotte and Louis.

"Meghan is set to bring her child into the world at the vegan-friendly, new-age Mulberry Suite at Frimley Park Hospital near the royal couple's new home, Frogmore Cottage," a palace insider exclusively revealed to The National ENQUIRER. "The luxury suite has a birthing pool, king-sized bed and full vegan menu. It's made-to-order for Meghan!

"She plans to use yoga and hypno-birthing techniques without drugs — and she has Harry's full backing!

"But she's riled the royals. They're calling her plan wacky

— even dangerous!"

Harry, 34, and Meghan, 37, expect the baby to arrive in late April.

"Meghan's totally converted Harry to her New Age ideas and thinking," added a palace insider. "She's got him so wrapped around her royal finger, he's given up drinking and smoking and taken up yoga, alternative therapies and massage to heal his mind and body!"

The loved-up couple even spent two-and-a-half hours at Ilapothecary, an herbal wellness shop in London on March 29. It offers homeopathic remedies for new moms and products "blessed with healing chants."

It also claims its 45-minute Happy Hormone Equilibrium treatment helps post-birth recovery.

"Meghan's been practicing labor-coping yoga techniques focused around breathing

patterns and chanting in rhythm to cope with the pain of childbirth," dished a source.

"She's also studied hypno-birthing, a relaxation technique involving deep breathing and self-hypnosis, and she has a doula — a birthing coach — too!

"Meghan wants to shut out the world and have just her and Harry — and her mother, Doria, who's flying over from Los Angeles — welcoming their little prince or princess.

"There was a lot of pressure on Meghan and Harry to use the royal favorite Lindo Wing to deliver the seventh in line to the throne.

"But I'm told Meghan dug her heels in and retorted, 'This is our baby, not yours ... butt out!'

PRINCE WILLIAM and wife Kate are being torn apart by rumors he had an affair with her best friend, The National ENQUIRER has learned.

Now royal aides are already secretly planning Kate's exit strategy if the couple decides to call it quits!

"Officials are leaving nothing to chance," a Buckingham Palace staffer revealed. "William is a future king. They have to protect the monarchy!"

The cheating scandal exploded after Kate, 37, banned her closest pal, Rose Hanbury, 35, from her social circle because she believed William is crushing on the former model.

"Kate's been told that William carried a torch for Rose for years and even confided to pals Rose was 'the one that got away,'" spilled an insider. "That infuriated Kate and she banished Rose from her inner circle!"

Although William and Queen Elizabeth support Kate, her departure would mean dramatic changes.

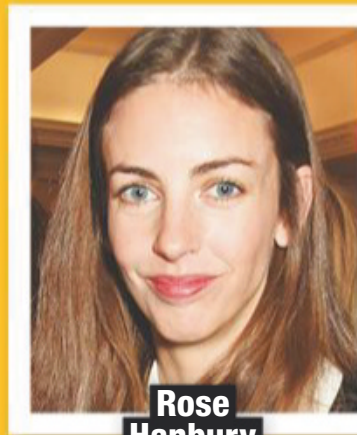

"The Duchess of Cambridge would no longer be a member of the royal family, but would likely keep her title," noted a palace source.

"She'd get millions in a pay-off and be gifted a large home

for her and the children — future king Prince George, Princess Charlotte and Prince Louis.

"The royals would bend over backwards to avoid a custody battle, but Kate would need William's permission to take the children out of the country —

and for virtually any public activities." NE

**W**ITH Britney Spears checked back into a mental health facility once again, pals are convinced that ex-hubby Kevin Federline will keep her from seeing her boys!

The troubled 37-year-old “Toxic” singer was admitted to the facility after becoming unhinged over her father’s failing health, according to sources.

“It’s been a perfect storm of emotional issues for Britney,” an insider exclusively snitched to *The National ENQUIRER*.

“She’s been off the rails ever since her father, Jamie, fell ill and needed two surgeries. She went crazy after hearing there were complications after his second procedure.

“Everyone is convinced this latest episode will cost her the chance to even see her own children!”

Kevin has full custody of their two sons, Sean, 13, and Jayden, 12. But after working out an arrangement with her

father, the boys spend half their time with each parent.

That agreement took effect in 2008 when Britney was forced to forfeit control of her affairs after a series of meltdowns, including an episode a year earlier when she shaved her head and attacked a photographer’s car with an umbrella.

The boys are now with Kevin while Britney works out her emotional issues —

and sources believe he’ll take this opportunity to keep them away from their mom until he can get a fatter support payout.

Last summer

Kevin sued Britney, asking

a judge to TRIPLE his monthly child support payments — from \$20,000 to \$60,000!

a custody battle while Britney is struggling.

“It is more likely than not ... her ex-husband will have full custody, at least temporarily, until she is released and mentally stable,” said family court attorney and Judge Christopher Mattox.

“Some form of supervised custody may also be appropriate, pending her ‘recovery.’”

The pop songbird has gone downhill since her father was hospitalized when his colon ruptured last summer — refusing to see her psychiatrist or take her daily medication, according to the source.

Without her dad’s influence, Britney has been acting out, leading her handlers to push for round-the-clock treatment at a facility, an insider added.

As The ENQUIRER reported in October, the co-conservator of her estate, attorney Andrew Wallet, alleged he was owed a whopping \$426,000 per year for keeping “literally hundreds of people” from providing “illegal substances to the

conservatee [Britney].”

Wallet was paid for his services and resigned his position last month.

Former backup dancer Kevin has been keeping a log of Britney’s bizarre episodes and sees her entering the facility as the ultimate punctuation mark on a string of unhinged behavior, sources said.

Last summer, Britney looked completely out of it when she showed up with the boys at the Miami Seaquarium, according to one witness. They spent only a few minutes in the park before leaving abruptly.

Friends feared she was on the verge of another collapse in August when her boytoy backup dancer, Sam Asghari, was snapped shopping with a mystery woman in L.A. while she was touring Europe.

With Britney’s latest hospitalization, “all of this adds up to an opportunity for Kevin,” an insider spilled. “Don’t think he won’t take it!”

## GROWLING FIEND ATE NEIGHBOR'S FACE!

**C**RAZED cannibal Austin Harrouff was snarling like a rabid beast as he chewed off the face of one of his two murder victims, claimed cops — now his lawyers are arguing the unhinged former frat boy isn't responsible for the sickening double-slay spree!

Investigators in Jupiter, Fla., said they found bloody and growling Harrouff biting John Stevens' face on August 15, 2016, after he stabbed the 59-year-old and his wife, Michelle Mishcon, 53.

Now Harrouff's attorneys are planning an insanity defense, which appears to be supported by a report from forensic psychologist Dr. Phillip Resnick.

The shrink's evaluation stated the twisted 22-year-old suffered from numerous mental ailments, including bipolar disorder and "manic episodes with psychotic features."

Resnick argued the then-19-year-old continuing to chomp on his prey "in the presence of police officers, in spite of threats of being shot, being tased and receiving multiple kicks to the head, suggests that Mr. Harrouff was actively psychotic."

He also mentions the sicko's history of increasing paranoia,

Harrouff has entered a not guilty plea and his trial is slated to start Nov. 4. But his lawyer, Nellie King, claimed, "This evaluation confirms Austin could not form the requisite intent to commit these crimes due to his severe mental illness."

## BUTCHER ARIAS' VISITOR BUSTED AS PRISON BOOZE SMUGGLER!

**BOYFRIEND** killer Jodi Arias is in hot water again after one of her pals was nabbed smuggling alcoholic contraband into the Arizona prison where she is serving life for murder.

Steve C. Joyner set off the metal detectors during a visit in February

because he had two alcohol-soaked pads wrapped in aluminum foil inside his sock!

Prison officials banned the computer nerd from visiting Arias, 38, for six months, and also

suspended his phone call privileges. The pads were most likely for the money-making tattoo business she operates behind bars.

In 2008, Arias stabbed Travis Alexander 27 times in a jealous rage. *NE*

## PRETTY WOMAN WASTING AWAY & BATTLING BLINDNESS

**H**OLLYWOOD superstar Julia Roberts is battling a secret health crisis that's left her looking frail, going blind and in immense pain, said sources.

The once "Pretty Woman" is now bedraggled and suffering from the lingering effects of near-fatal meningitis, according to doctors. The actress has confessed she fears she's losing her eyesight, insiders said.

The 51-year-old is also said to be dealing with chronic head and neck pain associated with the dangerous disease — which is an inflammation of the membranes surrounding the brain and spinal cord — in addition to agonizing rheumatoid arthritis.

"Julia is aware meningitis can cause vision loss, and she's got trouble seeing straight as it is," spilled an insider. "She's afraid one morning she'll wake up

and see nothing but total darkness!

"She's clinically blind in one eye, and she's been gradually losing her sight in her other good eye. Her worst nightmare is never being able to see her kids again!

"Friends are not only afraid for her eyesight — they're worried for her overall health and are terrified she is suffering a life-threatening recurrence. Julia's dropped an extreme amount of weight in recent months and looks thin and gaunt.

"She complains of crippling migraines and back and neck pain that could very well be related to the disease — and it seems to be getting worse."

Renowned internist Dr. Stuart Fischer, who has not treated Julia, said: "Some people who suffered from meningitis have lingering back and neck pain, and even vision and cognitive problems because the nerves of the brain tissue are scarred."

Dr. Fischer told The National ENQUIRER, "It is probably the most frightening infectious disease because it affects the brain, and you don't develop new brain cells.

"People used to die from meningitis!"

Meanwhile, sources said

the scrawny star has been running herself ragged looking after her kids — 11-year-old Henry and twins Finn and Hazel, 14 — and working long hours.

"She's a workaholic, but her friends and her family are begging her to slow down and relax," snitched a source.

Dr. Gabe Mirkin broke down the reality of Julia's situation by explaining: "It is far more likely her progressive eye damage in her one good eye is the results of her rheumatoid arthritis.

"She had meningitis more than 30 years ago, and the same thing that caused her meningitis could've been the trigger that caused

rheumatoid arthritis that caused her present vision loss.

"Rheumatoid arthritis is an autoimmune disease. It is caused by her immunity attacking her own cells in exactly the same way it attacks invading germs.

"I assume she is taking drugs to ... slow down her own immunity from attacking and destroying nerves leading to her eyes. The same drugs can also explain sadness and depression."

The bombshell comes after reports that Julia's 16-year marriage to Danny Moder is on the rocks — setting the stage for a \$245 million divorce!

The ENQUIRER reported in January that Julia left the family's Malibu home just weeks earlier.

Sources said cameraman Danny, 50, stayed behind and retained a top divorce attorney in a bid to overturn their prenuptial agreement!

"This fear of going blind has been at the back of her mind for a long time, but the anxiety over it has hit an all-time

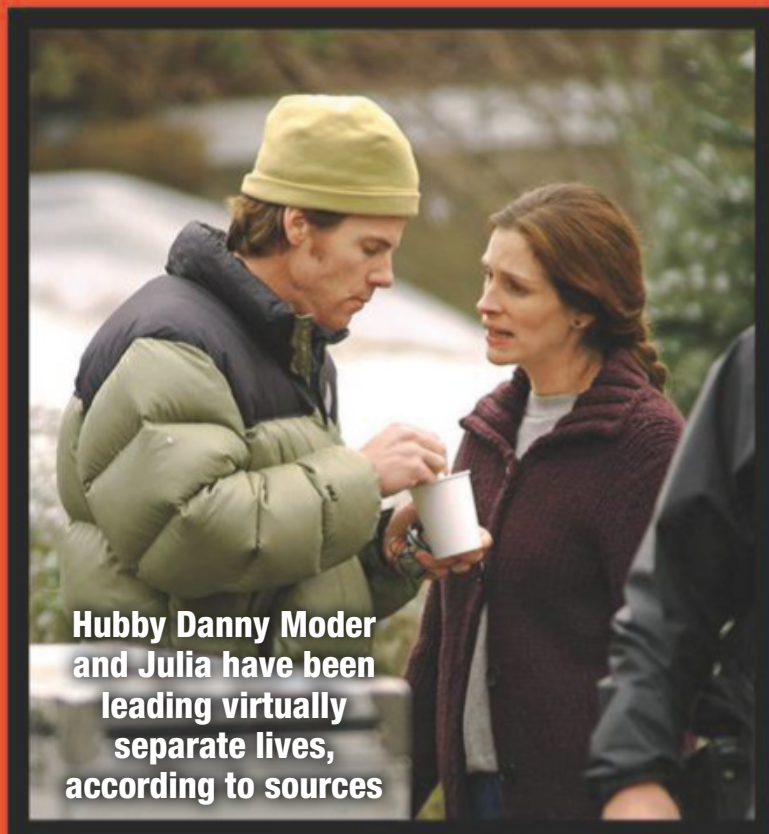

high, probably because her marriage is in crisis and she's feeling extremely vulnerable right now," said a source.

What's more, it's feared she has lost 35 pounds in three months!

"She looks exhausted, like the weight of the world is on her shoulders. When you see her going about her day, you have to hold back from asking her if she needs help walking," an insider added.

Oncologist Dr. Jerome Spunberg, who has not treated Julia, described rheumatoid arthritis as a devastating disease that can lead to severe deformities of the hands and feet: "People can sometimes fall down and use walkers for stability. Some are disabled by severe joint deformity. They can't bend their joints, it hurts, they get pain and they could fall because they can't walk normally.

"A lot of people use wheelchairs because they can't walk with stability — it's a very debilitating disease and in some cases, it can be crippling!" NE

# BIG RIG RESCUES SUICIDAL TEEN!

## COP GUIDES TRUCKER UNDER OVERPASS TO SAVE JUMPER

**A** TEXAS highway cop is being hailed as a hero for saving a suicidal teen from jumping to his death off a bridge!

The life-and-death drama unfolded March 27 during the morning rush hour in Arlington when motorcycle

officer Cpl. Deric Sheriff answered a call for a possible jumper.

Spotting the troubled boy, Sheriff flagged down a passing trucker.

"I asked if he could pull under the bridge just in case the individual decided to jump," said Sheriff.

Good Samaritan Dwayne Crawford didn't hesitate — and pulled his rig under the overpass.

"I looked up, the young

And he was. The teen jumped — safely onto the back of Dwayne's 18-wheeler!

The boy was not injured or

arrested and was taken to a hospital for evaluation.

Arlington Police Chief Will Johnson bragged about his officer on Twitter, writing: "Excellent crisis intervention to help this teen!"

# GIRL'S FRONT YARD HIT-&-RUN HORROR!

**A** PLUCKY nine-year-old girl survived being mowed down by a hit-and-run driver while playing outside her Georgia home — and the terrifying collision was all caught on video!

A surveillance camera captured the harrowing moment a sedan barreled down on LaDerihanna Holmes while she

romped with a friend in Lithonia.

The car's driver and a passenger both hightailed it from the scene as neighbors and family raced outside.

"I was acting out of pure adrenaline and emotion," said her mother, Charlette Bolton. "She wasn't moving, her eyes were fixed. I thought she was gone."

LaDerihanna suffered a fractured skull, and her pelvic bone was broken in three places, but she's recovering.

Following a four-day manhunt, the car's driver, Gabriel Fordham, 28, turned himself in and faces several charges. His lawyer claimed he was fighting off a carjacker when the crash happened. *NE*

# FAITH HILL DEATH CRASH HORROR!

**COUNTRY** legend Faith Hill is facing a devastating fatal-car-crash crisis!

The singer has been crushed by the arrest of her 22-year-old nephew, Christian White, for vehicular homicide and possession of narcotics!

According to Port St. Lucie, Fla., police, Christian drove into an oncoming motorcycle when he was attempting to pass another car in a no-passing zone. The motorcyclist, Isabel Borges, died at the scene.

Police said Christian had the party drug MDMA on him and was "extremely impaired."

This isn't the first relative of Faith and husband Tim McGraw, both 51, to be involved in a fatal accident.

The National ENQUIRER revealed Tim's uncle Dennis McGraw was locked up in a psych ward in 2002 after being found guilty of manslaughter and diagnosed with schizoaffective disorder. He was finally released in 2017.

# \$1,300 FOR A MEL-FIE!

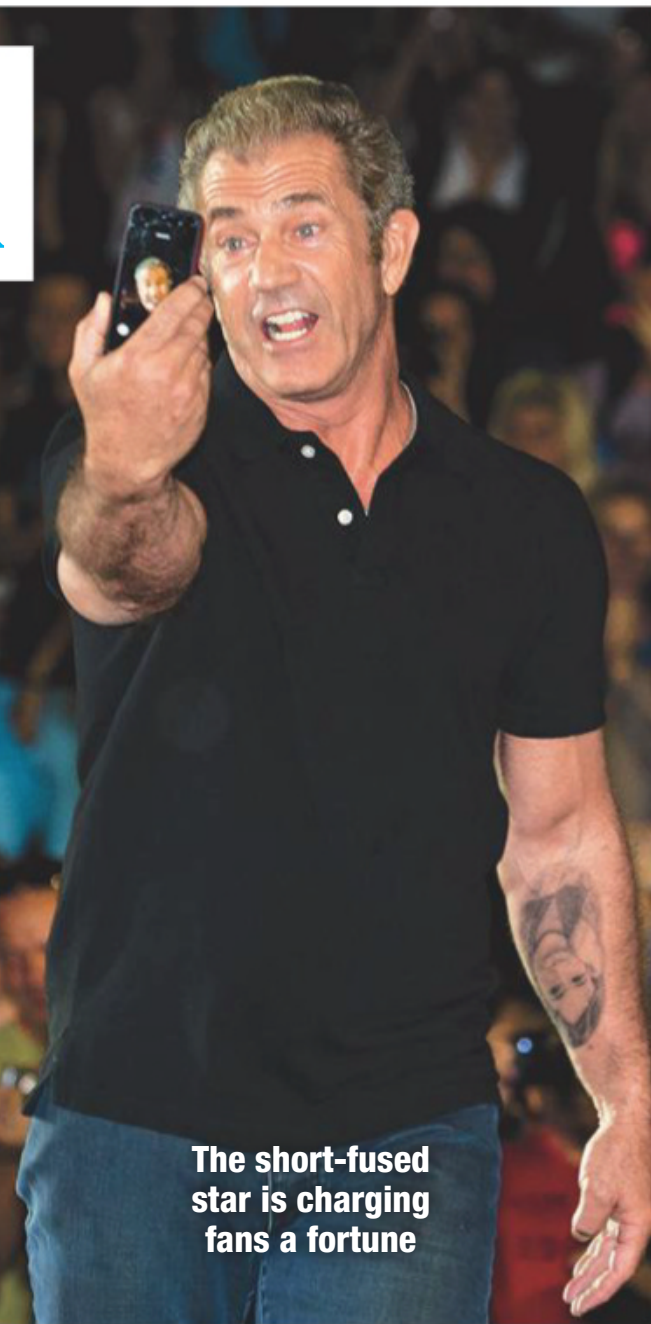

MEL GIBSON has infuriated his last remaining fans by charging up to \$1,300 for dinner and a selfie!

Fans will have the chance to snap pictures with the scandal-scarred "Braveheart" star in London and Glasgow after an "intimate" black-tie dinner billed as "An Experience with Mel Gibson."

The evening will also feature video and musical tributes and a Q&A session with the "Mad Max" maniac — who went on a boozy, anti-Semitic tirade against a California cop in 2006 and was later caught on audiotape threatening the life of his baby mama! The 63-year-old actor is reportedly worth more than \$300 million, but isn't being shy about making people cough up more money than the average weekly wage in America.

"This is appalling!" huffed one fan who was shut out of meeting her idol because she couldn't spare the cash.

"Given how far downhill his career has gone, he should be paying fans to take a picture with him!"

**DOTTY** Demi Moore is doll crazy!

Months after The National ENQUIRER revealed she was dating living doll Masha Mandzuka, the "About Last Night" beauty has ponied up \$2 million to insure her vast collection of toy pals!

And the 56-year-old former Brat Packer has ex-hubby Bruce Willis to thank for her freaky figurine fetish, dished an insider.

"Bruce gifted Demi with her first doll — a

vintage porcelain-faced figure with human hair and lifelike features," said the source.

"When he saw how happy it made her, he began buying her dolls for any and every occasion."

The source claimed her hoard now consists of THOUSANDS of playthings.

"Demi has such a large collection, she's had to move many of them to her guest house," the source snitched.

"When Demi was married to Ashton Kutcher, he'd sometimes get so weirded out by the dozens of dolls she insisted on keeping in their bedroom, that he'd get up in the middle of the night and move them.

"They really creeped him out."

She even has a doll of herself!

But helping raise Eddie’s sons, Mason, 15, and Jake, 11 — his kids with ex-wife Brandi Glanville — has awakened her maternal instincts, according to sources. Insiders revealed because Eddie left

## CRYPTOGRAM QUOTES

### FAMOUS QUOTES FROM YOUR FAVORITE PEOPLE

Cryptograms are coded messages. To solve the Cryptogram, each coded letter must be replaced by the answer letter in the box overhead. When you solve the code for a letter, write the answer letter in the box everywhere the coded letter appears. Look for common words and letter patterns to break the code. Words like AND, I, THE and A are found frequently. Common word endings are ING, S and E.

# BE A GREAT GRANDPARENT!

ONE of the greatest things about being a senior is the time you get to spend with your grandkids. Here are some tips on how to be close to your grandchildren — without stepping on the toes of your adult offspring!

## » DO THINGS — DON'T JUST BUY STUFF!

Toys and games are great but memories last forever. Take the kids to ball games, on trips or to the amusement park. Remember to document the good times with pictures so they'll have mementos of those cherished times!

## » KEEP CONNECTED

It's your responsibility to stay in touch with your grandkids. Remember their birthdays, send holiday cards and attend their plays and games. They'll always remember your consideration and support.

## » DON'T INTERFERE WITH THEIR PARENTS

Consider ways to connect with your grandchildren that won't interfere with their parents' plans or conflict with their schedules. Try to find things to do that lighten the load of their mom and dad — and not add to their worries!

## » TEACH EACH OTHER!

Even as you recount the good old days, be sure to listen to your grandkids' stories and learn about their relationships with family and friends. Knowing more about their world can help you better understand their circumstances and points of view.

## READERS SAY CRIME-FAKING JUSSIE DESERVED JAIL!

NATIONAL ENQUIRER readers stood united in their belief that Jussie Smollett is guilty of falsely reporting a crime.

The disgraced "Empire" actor was hit with 16 felony counts after he allegedly staged a hate crime against himself, but the charges were shockingly dropped!

Despite the slew of negative headlines, 36-year-old Jussie has stood by his claims that he had nothing to do with the attack — but the public isn't buying it.

Only 4 percent of those polled at [nationalenquirer.com](http://nationalenquirer.com) believe he's not guilty, is being revictimized and deserves to be a free man. The remaining 96 percent? They feel he got off easy because the evidence shows he deserves to be behind bars! *NE*

## AMPUTATION ALTERNATIVE!

CAPSULES containing algae — which increase blood flow to damaged limbs — could end the horror of amputating limbs, researchers believe. Algae found in cold waters in the Northern Hemisphere contain macrophages — a type of white blood cell — that successfully formed new blood cells and increased blood flow. “Our researchers are proving these diverse organisms could hold the key to a new treatment for one of the leading causes of limb amputation,” said Prof. Metin Avkiran of the British Heart Foundation.

## JUST SEEING COFFEE GIVES A BOOST!

DRINKING a cup of java has long been known to put a bounce in your step, but a new study has found just LOOKING at the stuff will give you a lift! University of Toronto researchers said humans may associate coffee with “arousal” so strongly that merely gazing at a “caffeine cue” is enough to activate areas of the brain that control how alert and awake you feel. Folks exposed to caffeine-related cues also thought in “more concrete, precise terms.”

## PROBIOTICS KRYPTONITE FOR CANCER TREATMENT!

PROBIOTICS may block cancer patients’ response to immunotherapy, the most cutting-edge treatment for melanoma, according to a new study. Evidence suggests there’s a close link between the host of helpful bacteria that live in the gut and the immune system. Throwing the gut’s delicate balance off with probiotics could be kryptonite to the cancer-fighting abilities that immunotherapy gives T cells.

## BEWARE BUYING MEDS ONLINE!

BUYING online medications can be hazardous to your health! The U.S. Food and Drug Administration has warned that searching the internet for low-cost prescription drugs may lead to meds that are counterfeit, contaminated, expired or unsafe in other ways. “Rogue online pharmacies are often run by criminal networks that knowingly and unlawfully distribute illicit drugs,” said outgoing FDA Commissioner Dr. Scott Gottlieb.

MOMS-to-be who smoke may cause infertility in their daughters! Researchers at the University of Cambridge who conducted studies on rats believe that girls born to women who smoke while pregnant will see a reduction in ovarian function, which they said could result in loss of fertility and earlier menopause. "It's as if low levels of oxygen caused female subjects' ovarian tissue to age faster," said Dr. Catherine Aiken of the school's OB-GYN department.

## WORRIES KATIE'S BEING PLAYED FOR A PATSY

**H**EARTBREAKER Jamie Foxx has played Katie Holmes for a fool once again — and his two-timing ways have upset her daughter, Suri Cruise, said sources.

Although he's claimed to be committed to Katie and their relationship, Jamie has secretly bought a \$1.7 million home for his ex, Kristin Grannis, and their daughter, Anelise, 10.

"Suri is old enough to understand a lot of things — and she doesn't like being part of Jamie's endless party parade," tattled an insider.

"She resents the way Katie drops everything when Jamie calls. Suri liked it better when it was just her and Katie."

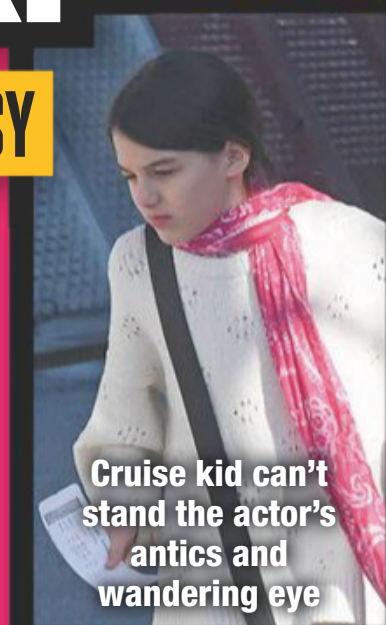

Katie's pals said they're

also concerned over how close Kristin's new Los Angeles-area house is to Jamie's mansion — and how frequently he's been pictured with Kristin in recent months.

What's more, Katie and Suri, 13, are sure to be upset by pictures of Jamie, 51, playing the part of a happy family man with another woman and child of almost the same age.

As The National ENQUIRER has revealed, Jamie even said he was ready to step into the shoes of Suri's long-absent father, Tom Cruise — reportedly telling her, "I'm your daddy now!"

Instead, he's been cavorting

Kristin's dad, Richard, has hinted she wasn't pleased with the attention Jamie was lavishing on 40-year-old Katie.

"Kristin and Jamie's relationship has become more tense in the last year because of his other relationships," he told The ENQUIRER in 2017.

"It makes things more complex, especially considering their daughter is old enough to understand what is going on."

# ORLANDO'S EX HAVING REVENGE BABY!

Snapchat CEO Evan Spiegel and model Kerr are expecting

ORLANDO BLOOM'S ex-wife is expecting a revenge baby, said insiders — weeks after the actor proposed to pop star Katy Perry with a flashy piece of bling!

Supermodel Miranda Kerr confirmed she's pregnant with her third child — her second with hubby Evan Spiegel.

"Miranda wanted to send Orlando the clearest sign possible

she has moved on," a source snitched. "What better way to do that than with a baby!"

The baby news comes ten months after Miranda, 36, welcomed son Hart with the 28-year-old Snapchat CEO in May.

The former Victoria's Secret Angel also has an eight-year-old son, Flynn, with Orlando, 42. Their three-year marriage came to an

end in 2013.

British heartthrob Orlando and "American Idol" judge Katy, 34, got engaged on Valentine's Day, after a three-year on-off romance.

The lovebirds announced the news online, with the "Hot N Cold" singer showing off her ring — a center gemstone surrounded by diamonds set in yellow gold. **NE**

If you are feeling exhausted and in need of revitalization, you should consider a detox or cleanse. With Active Liver™ you have the tool to do this gently and on a daily basis.

Detox your body - every day!

Each day, our liver is working hard to remove waste products and toxins from processed foods, unclean air, water and even our own body. We quickly may notice the results in our energy levels, in our lack of youthful appearance – and surprisingly, on our waistlines.

UNJUNKING YOUR BODY

A detox, like a water or juice fast, is an excellent way to rid the body of stored toxins, but it is often difficult to abide by, and involves days or even weeks of feeling tired and sick. However, there are other ways.

DETOX WITH ONE TABLET A DAY

Active Liver™ is a dietary supplement that helps promote a healthy liver and helps you detox on a daily basis – all year round. With just one tablet a day, it gently but effectively uses known herbal extracts to facilitate detoxing of the body –without the “side effects”.

# THE MOB PUT ME IN BED WITH MARILYN!

## ACTOR RUSSO’S STEAMY SESSION WITH SIREN — WHEN HE WAS A TEEN!

**T**HE Godfather’s” two-timing, wife-beating loser Carlo Rizzi scored a hit in real life when he bedded Marilyn Monroe — at the tender age of 15!

Actor Gianni Russo grew up in Little Italy, N.Y., where he won favor with real-life mobsters as a teen, according to his new memoir, “Hollywood Godfather: My Life in the Movies and the Mob.”

In an exclusive interview with The National ENQUIRER, the now 75-year-old movie thug said Luciano family godfather Frank Costello enrolled him in beauty school to give him a job until he could become a full-fledged gangster.

According to Gianni, the mafioso told him, “That school is going to be the

best thing that ever happened to you. You’re going to get more p---y than Rudolph Valentino.”

And the gangster was as good as his word. Gianni got a job as a shampoo boy at a chic Manhattan salon — and one of his first clients was Marilyn!

“I couldn’t believe it,” Gianni said. “They said she liked a STRONG shampoo. As I’m massaging her hair, she was moaning like we’re having sex.”

Then 32-year-old Marilyn soon began requesting private appointments with Gianni — and Costello arranged for him to meet the sexpot at the Waldorf Astoria New York hotel.

Marilyn greeted Gianni at her door wearing only a terry cloth robe.

“She asked, ‘Would you like some champagne?’ and then said: ‘I’m going to take a bath ... No, stay. Come on,’” he wrote. “I got in at the end of the tub, she was sitting away from the faucet. I sat down the other end.”

After that, the odd couple stayed in bed for two days! **NE**

# Pill Used in Germany For 53 Years Relieves Joint Pain In 7 Days Without Side Effects

Approved by top doctors nationwide. Active ingredient numbs nerves that trigger pain. Relieves joint stiffness. Increases joint mobility and freedom.

By J.K. Roberts

Interactive News Media

**INM** — A pill that relieves joint pain and stiffness in 7 days without side effects has been used safely in Germany for 53 years. It is now available in the United States.

This pill contains an active ingredient that not only relieves pain quickly, but also works to rebuild damaged cartilage between bones for greater range of motion.

It can cut your pain relief costs up to 82% less than using pain relief drugs and pain relief cream and heat products.

An improved version of this pill is now being offered in the United States under the brand name FlexJointPlus.

FlexJointPlus relieves joint pain, back pain, neck pain, carpal tunnel, sprains, strains, sports injuries, and more. With daily use, users can expect to feel 24-hour relief.

The active ingredient in FlexJointPlus comes from a natural source. It is both safe and healthy. In 53 years of recorded medical use, there have been no reported harmful side effects.

“Relief in pain and stiffness is felt in as quickly as 7 days,” said Roger Lewis, Chief Researcher for FlexJointPlus.

“And with regular use, you can expect even more reduction in the following 30-60 days,” added Lewis.

## WHAT SCIENTISTS DISCOVERED

FlexJointPlus contains an amazing compound with a known ability to rebuild damaged cartilage and ligaments associated with joint pain.

This compound is not a drug. It is the active ingredient in FlexJointPlus.

Studies show it naturally reduces inflammation while repairing bone and cartilage in the joint.

Many joint pain sufferers see an increase in flexibility and mobility. Others are able to get back to doing the things they love.

“My left hip joint was so stiff and painful I could barely get to sleep at night,” says Amanda Johnson of Chatham, ON. “but since using FlexJointPlus my pain and stiffness has been relieved, and I am now able to get a good night’s rest again.”

With so much positive feedback, it’s easy to see why sales for this newly approved joint pain pill continue to climb every day.

## IMPRESSIVE BENEFITS FOR JOINT PAIN SUFFERERS

The 8 week clinical study was carried out by scientists across six different clinic sites in Germany. The results were published in the *Journal of Arthritis* in July 2014.

The study involved patients with a variety of joint pain conditions associated with osteoarthritis. They were not instructed to change their daily routines. They were only told to take FlexJointPlus’ active ingredient every day.

The results were incredible.

Taking FlexJointPlus’ active ingredient just once daily significantly reduced both joint pain and stiffness compared to placebo at 7, 30, and 60 days.

In fact, many patients experienced greater than 50% reduction in pain and stiffness at 60 days.

They also enjoyed an improvement in stiffness when first getting out of the bed in the morning, and an improvement in pain when doing light household chores.

With these studies medical doctors and researchers have now proven FlexJointPlus to be a clinically effective treatment for reducing pain and stiffness associated with joint and connective tissue disorders, especially osteoarthritis.

The findings are impressive, no doubt, but results will vary.

But with results like these it’s easy to see why thousands of callers are jamming the phone lines trying to get their hands on FlexJointPlus.

## HOW IT REBUILDS DAMAGED JOINTS

Scientists have discovered that after the age of 40 the body is no longer able to efficiently repair bone and cartilage in the joint. This results in deterioration and inflammation in the joint, leading to pain.

The natural compound found in FlexJointPlus contains the necessary ingredients needed for the body to rebuild damaged bone and cartilage.

This compound is known as ‘NEM’.

“Essentially, it contains the same elements found in your joints, which are needed to repair and rebuild cartilage and ligaments,” explains Dr. Sarah Brewer, renowned Author and graduate from Cambridge University.

**Approved by U.S. Doctors:** U.S. medical doctors are now recommending the powerful new pill FlexJointPlus. Participants in clinical studies reported noticeable results in just days.

There also have been no adverse side effects reported with the use of NEM®.

This is a bonus for arthritis sufferers who have been taking prescription and over the counter medications that can cause severe gastric irritation over time, like NSAIDs.

This seems to be another reason why FlexJointPlus’ release has triggered such a frenzy of sales.

## RECOMMENDED BY U.S. MEDICAL DOCTORS

“Based on my 20 years of experience treating people with osteoarthritis, FlexJointPlus receives my highest recommendation to any person suffering from joint pain and stiffness,” said Dr. David Vallance, Rheumatologist from Ann Arbor, MI.

“One of my patients taking FlexJointPlus has reported a significant decrease in pain when going up or down stairs, sitting with legs bent for an extended period of time, and even getting up from a seated position,” said Dr. Richard Gibson, chiropractor from Windsor, ON.

“I use FlexJointPlus everyday for my stiff and aching joints. I also have my wife and daughter taking it regularly as well,” said Dr. Oozer, G.P. from Lasalle, CA.

## HOW TO GET FLEXJOINTPLUS

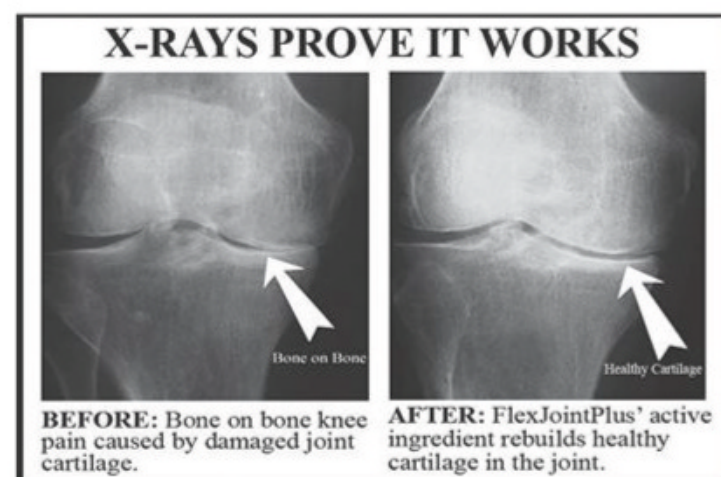

This is the official nationwide release of FlexJointPlus. And so, the company is offering a special discount to any person while supplies last.

An Order Hotline has been set up for our readers to call. This gives everyone an equal chance to try FlexJointPlus.

The deep discounts will be automatically applied to all who call while the promotion is running. All you have to do is call TOLL FREE 1-800-322-7130. The company will do the rest.

**IMPORTANT:** Due to FlexJointPlus’ recent media exposure, phone lines are often busy. If you call, and do not immediately get through, please be patient and call back.

Current supplies of FlexJointPlus are limited. So consumers that don’t get through to the order hotline will have to wait until more inventory is produced. This could take as long as six weeks.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease. NEM® is a registered trademark of ESM Technologies. Offer not valid to residents of Iowa.

# How To: Fix Your Fatigue and Get More Energy

Founder and Director **Dr. Steven Gundry** is a world-renowned heart surgeon, a best-selling author, and the personal physician to many celebrities. But his breakthrough could be the most important accomplishment of his career.

Dr. Gundry has unveiled a simple — yet highly effective — solution to issues that plague millions of Americans over 40: low energy, low metabolism and fatigue.

“When you’re feeling low energy, that’s your body screaming **HELP!**” Dr. Gundry’s radical solution was inspired by a breakthrough with a “hopeless” patient who had been massively overweight, chronically fatigued and suffering from severely clogged arteries.

The secret to his breakthrough? “**There are key ‘micro-nutrients’ missing from your diet,**” Dr. Gundry said, “If you can replenish them in very high dosages, the results can be astonishing.”

Users of this new method is what led Dr. Gundry to create an at-home method for fatigue.

“They’re reporting natural, long-lasting energy without a ‘crash’ and they’re feeling slim, fit and active,” he revealed yesterday.

Dr. Gundry’s team released a **comprehensive video presentation**, so that the public can be educated as to exactly how it works.

Watch the presentation here at **[www.Prebio4.com](http://www.Prebio4.com)**

Within just a few hours, this video had gotten thousands of hits, and is now considered to have gone viral.

One viewer commented: “If this works, it’s exactly what I’ve been praying for my whole life. I’ve never seen anything like it before...the truth about my diet was shocking and eye-opening.”

It makes a lot of sense, and it sounds great in theory, but we’ll have to wait and see what the results are. Knowing Dr. Gundry, however, there is a great deal of potential.

# HANKS FINALLY SHOWS OFF GRANDKID!

**T**OM HANKS finally made a public appearance with his youngest grandkid — who The National ENQUIRER first pictured in 2017! The actor, 62, stood by wife Rita Wilson as she got her star on Hollywood's Walk of Fame, alongside three-year-old Michaiah and her father, Chet Hanks.

Wannabe rapper Chet fathered the tot after a one-night stand with aspiring entertainment reporter Tiffany Miles.

Tom and Rita's black-sheep son had been on a drug-fueled downward spiral until he was forced to seek life-saving rehab in 2015. But he said he's conquered his demons — thanks to Michaiah. "She's the reason why I turned my life around and got sober," Chet explained in December 2016.

Since then, Chet, now 28, has stayed clean and showed off his acting skills on "Empire," and an insider said Tom and Rita are "doing everything that they can to make sure they're a part of their granddaughter's life."

HOW TO PLAY

You must fill in every empty square in the Sudoku grid. There's no right way of going about this, but there is only ever one solution. The big grid is split into nine mini-grids. There are nine rows running left to right and nine columns running down. In every row, you must have each of the numbers 1, 2, 3, 4, 5, 6, 7, 8 and 9. These can be in any order. The same applies to columns and mini-grids: place every number 1 through 9 in each column and in each mini-grid.

Have the cans of lasagna washed up yet?

# GARFIELD CAT PHONES LITTER FRENCH COAST!

## WHY COMIC STRIP STAR'S BEEN WASHING UP FOR DECADES

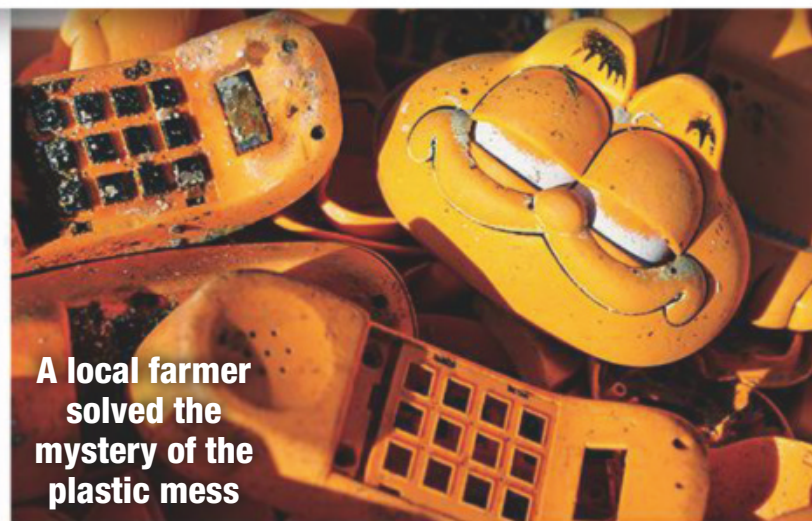

**F**OR more than three decades, residents in western France have been haunted by a purr-fectly weird mystery — bright-orange plastic phones shaped like the smirking cartoon cat Garfield have been continually washing ashore!

Volunteers have long been collecting the tubby tabbies that litter the rocky coastline — but no one had any idea where the pesky pussycats were coming from.

“I have friends who tell me their memories of when they were little kids, they were already finding telephones,” said Claire Simonin-Le Meur, head of a neighborhood cleanup crew. “It never stops.”

A 15-mile stretch near the city of Brest saw nearly 200 components — including some phones that were almost wholly intact — show up in 2018 alone!

But Breton farmer René Morvan, who owns the land adjoining the beach, has lifted the lid on the enigma, revealing he remembered

A local farmer solved the mystery of the plastic mess

a shipping container that crashed ashore during a stormy day in the '80s.

René, 57, led grime-fighters to an isolated sea cave that holds a damaged cargo container, which was surrounded by pieces of phones.

“We knew we were in

the right spot,” said 40-year-old Claire.

Though the source of the kitty litter has been identified, the trashy problem remains, because the container is wedged in an inaccessible spot and only visible during low tide.

Experts believe the plastic parts may degrade in 400 years, but Claire said she hopes the cuteness of the lasagna-loving comic strip character helps people “open their hearts” to the problem of ocean pollution.

And that’s how these kitschy cats clawed their way onto this week’s Odd List! *NE*
